THE WORK OF FINISHING

As we work in this final month of the year let's inspire ourselves in these also

1. How fast, how well and how good you start will not matter if you fail to end well.
2. No days will count you if you don't make all days count in your endeavours.
3. The first kilometres of every journey is often not a challenge but the finishing ones.
4. Overcoming and keeping alive in the 'still' moments with God is a commitment to finishing well.
5. Seasons are only complete on the note of how they're finished.
6. The great finisher is not the one who had no worries along the way but the one that negotiates obstacles and come to the finish.
7. Giving up and quitting cannot be vocabularies alongside finishing.
8. Don't stop in anything at the place beyond which your God stretches.
9. Your ability to look at your timeless God is capacity to reach the timelines of life.
10. The ultimate mystery of success is pulling through the rubbles and finishing.
11. The ending of a life project season must attract a well done from the Lord, that's what matters.
12. Every finishing is some beginning so don't waste it.
13. How you finish whatever you do for God is a foundation for the next level with Him.
14. Great end fighters mind how they end Every round and season in the course of engagements.
15. The possibility of seeing further in God is going as far as He is showing you now.
16. Work well on your periodic finishing for it will always be the guide to the next beginning.
17. Quitters are not finishers, don't follow them no matter what their reasons are.
18. When God starts with you, He has strength for the finishing in the start so find it.
19. The best way to think about tomorrow is thinking about how to finish today.
20. Working as He Works is finishing as He finished.
