AS WE LOOK FORWARD TO IDENTIFYING NEW AREA FOR MINISTRY LET US PONDER OVER THESE THOUGHTS

1. We serve an unchanging God in a changing world.
2. That God is unchanging does not mean He is unprogressive.
3. Dissatisfaction with how you are doing it and where you are is the right step to new level.
4. If you begin it will be perfected, don't wait for a perfect condition.
5. Stop complaining about challenges, they may be the way to the new way.
6. New areas are inevitable if you don't stay down when you fall down.
7. Everything they said you have failed at remains an opportunity to start again.
8. You don't need to see the whole picture when the Lord assigns you, just take the first step in faith.
9. Dream and vision carriers are never afraid to add new areas or even to start afresh.
10. Recognition of a better future is capacity to break loose from an accustomed low life.
11. Every new venture looks impossible until it becomes the template for others.
12. All hindrances in life are gateways to new ways and new levels to the child of God.
13. All the fullness of God is in you so don't underestimate your ability to take ministry to a whole new God led direction.
14. Your best height in life is in your new level opportuned in every morning.
15. A bad past can be a good ending by a new step.
