#### FOCUS

A distinguishing feature of doing the distinguished is having unhindered FOCUS. Let us ponder these thoughts as we press on:

1. Between the prophecy and the promise is the distance of FOCUS.
2. Doing distinguishable things requires FOCUS.
3. Upheld FOCUS creates the propitious and germane mood for executions.
4. Having what to FOCUS on is the sustenance of originality.
5. Turning the big world upside down begins with FOCUS on the small calling on your life.
6. Absolute FOCUS at every stage is the key to the next level.
7. Sustained FOCUS makes vision clearer by the day.
8. FOCUS is the pathfinder to vision's destination.
9. Whatever you FOCUS on you see in due course.
10. FOCUS is an incubator to small ideas making them living and significant.
11. FOCUS is an anchor and endurance against adversity.
12. The fight against toxic thoughts, situations and people is won by FOCUS on one's strengths.
13. By FOCUS progress is well monitored.
14. It takes FOCUS to keep away from unwanted resources.
15. You have power over the negatives of the past when you FOCUS on where you're going.
16. When you find competition between thoughts remember they're looking for your FOCUS.
17. Loss of FOCUS is lost of direction.
18. A life FOCUSED on nothing can't turn anything upside down.
19. Doubts, obstacles, hindrances, distractions are always removed by FOCUS.
20. Summarily FOCUS on God and His strength is the strength of FOCUS.
